Prominent Cardiologist, Dr. Steven C. Herrmann, Returning to Bradford Regional Medical Center (BRMC)

Bradford, Pennsylvania, June 6, 2017 – Steven C. Herrmann, MD, PhD Cardiologist, will be moving his office practice from Boylston Street to Bradford Regional Medical Center (BRMC), effective July 2. Dr. Herrmann will be working for General Physician, PC, a division of Kaleida Health, Buffalo, NY.

Dr. Herrmann is well known in McKean County, having practiced in the region for more than 10 years. He is board certified in internal medicine, cardiovascular disease, echocardiography and nuclear cardiology. He holds a fellowship from the American College of Cardiology, has multiple listing in Top Doctors in America, Who's Who in Academic Medicine, a member of the International Society of Cardiology, and a renowned teacher and author of over 40 peer review text book chapters and articles.

"I am thrilled to return home to BRMC", Dr. Herrmann said. "My practice is all about community, prevention of heart disease, and doing everything possible to insure the highest quality care for my patients in both the office and -inpatient setting". "Working for BRMC and Kaleida will allow me to deliver the care patients deserve in this region, while assuring patient choice and quality tertiary services". "I cannot thank Mr. Finan and the administration of UAHS enough for this opportunity, and I am sure my practice will move cardiology at BRMC to a new level of excellence and patient service"

"General Physician, PC, as an affiliate of the Kaleida Health system, is very excited to welcome Steven Herrmann, MD to our organization", says Vijay Iyer, MD, Medical Director, of Cardiovascular Services within General Physician, PC and the Kaleida Health System. "Dr. Herrmann brings a tremendous amount of cardiovascular experience, high-quality care and service, and a patient-family focused approach". Additionally, this partnership allows Kaleida Health, and the Gates Vascular Institute, the ability to further support Bradford Regional Medical Center, and the cardiovascular health of the individuals within its community".

“We are very excited about having Dr. Herrmann bring his practice back to BRMC,” said Timothy Finan, President and CEO of Upper Allegheny Health System and Bradford Regional Medical Center. “Dr. Herrmann is a highly respected hometown doctor with exemplary and comprehensive expertise in cardiology.”

Finan explained that the relationship between Upper Allegheny Health System and Kaleida Health helped make it possible to bring Dr. Herrmann to BRMC. “We are already seeing the fruits of our affiliation with Kaleida even though the affiliation has not been formally concluded. As we saw in Olean with the establishment of a jointly operated interventional cardiac catheterization laboratory at OGH, Kaleida has made a commitment to work with us to enhance quality care in the Twin Tiers. Dr. Herrmann’s move back to BRMC is reflective of that commitment.”

Dr. Herrmann is currently a member of BRMC Medical Staff and will also be an active staff member at Kaleida Health, Western New York’s largest provider of cardiac services. Kaleida Health operates Buffalo General Medical Center and the Gates Vascular Institute.

Dr. Herrmann’s office will be located at Bradford Regional Medical Center, 116 Interstate Parkway, Suite 21, Bradford, PA. His office number is 716-710-8266. Dr. Herrmann will be accepting appointments effective immediately.
